

TWO UNIQUE ADVENTURES AWAIT!

Our immersive facility offers two separate adventures to accommodate 20 people at a time (4 person min/10 max for each)

Chamber of Illusions:

Enter a funhouse-filled escape room with magic and misdirection. Match wits with the mastermind responsible for the world's most infamous illusions and expose the traitor who destroyed it all.

Inventor's Paradox:

Turn back the hands of time and enter the lost memories of the Imaginarium's creator. Explore the archives of his inventions, open the window to forever and release the secret that keeps him a prisoner of the past.

INTERACTIVE LEARNING!

Bring your class or camp: Escape rooms make a fun and interactive teaching tool!

A trip to Enter the Imaginarium makes a great activity for your engineering, robotics, design, science, math, or mythology lesson. We can help with your lesson plans, order lunch, and even assist with supervision of your group. We feature customizable packages because we know that one-size-fits-all doesn't cut it in the classroom.

Booking your party with us gets you:

- A customizable, affordable outing for your students
- An excellent approach to STEAM-based learning
- The entire building to yourselves!
- Pizza and drinks for each guest
- Access to two different escape adventures
- A photo booth to capture the fun

"Within lavish scenic environments, brave participants will follow clues, navigate intricate game designs, and attempt to connect intricate plots"
